CONDENSED NEWS.

[By Telegraph to the Pittsburgh Gazette.]

—The Fenians, says the Troy correspondent of the New York *Herald*, are about to take the field in large numbers for another invasion of Canada. The movement towards organization and concentration is general throughout western and northern New York and other States, and it is further stated that messengers have been dispatched by the head circles to the brethren to arms, with a view to have concentrated thirty thousand men on the border within a month. The commissariat is said to be well supplied, and that large quantities of army stores are warehoused at St. Albans, Vermont. General Spear is to command. The Canadians seem to be alive to the danger and are making defensive preparations. Hon. John Morrissey has been at Troy, in conference with Fenian leaders, and it is asserted has authority to assure them the Government is not disposed to interfere.

—Concerning the Derby races, a special per cable says over two hundred and fifty thousand persons were present, and that there were five races, thirty horses going for the Derby stakes, £10,000 in gold. Five false starts were made, the rain falling at intervals, but on the sixth attempt the sun shone out gloriously, and the horses finally got off. The race was a splendid one, good time made, and all the favorites beaten. "Hermit" won by half a length, coming to the winning post like an arrow, amidst vociferous cheering, although thousands lost large sums by the result. A snow storm prevailed at the moment of victory. "Marksman," second, and "Vauban," third, were winners of the two thousand guineas.

—The story is circulated that the loss of the Santiago de Cuba on the Jersey coast was purposely arranged by the captain, in the pay of an opposition California line of steamers, and that an attempt was made to wreck the vessel off Hatteras. Thus, if this be true, ten lives and a fine steamer and valuable cargo were sacrificed through spite.

—A Mrs. Rickway, who was among the lost passengers of the Santiago de Cuba which went ashore at Atlantic City, N. J., was on her way to Europe to recover a legacy of fifteen thousand pounds, which had been left her. Her drowning was witnessed by her husband from the deck of the vessel.

—G. N. Lee, a "sporting" man, was attacked in his sleeping room, in Chicago, on Wednesday night, by unknown persons, and so badly beaten that his life is despaired of. The object of the assailants was robbery, and they succeeded in getting away with $18,000 in seven-thirty bonds.

—The Milwaukee Chamber of Commerce have adopted resolutions favoring a National Commercial Congress, in accordance with the recent resolutions of the New York Produce Exchange, for the consideration of the cantal system. It also favors the permanent establishment of such an institution to meet once a year.

—The Merchants' Union Express Company have, by unanimous resolution of the Executive Committee, declined to compromise with the old companies, and maintain that their organization is in a most prosperous and healthy condition.

—In a court room at Matanzas, Cuba, recently, Santiago Manzamet, a literary celebrity, shot his wife and her mother, during a suit for alimony, and threatened spectators who dared to interfere. He was at length secured.

—The New York *Herald's* Alabama correspondent denies that negroes participated in the riot at Mobile. He asserts that he was on the platform occupied by Judge Kelly and had a full view of what passed in the maddened crowd before him.

—A petition for the pardon of Jeff. Davis is said to be circulating in Washington City, Davis being considered no longer averse to suing for Executive clemency.

—The Baptist anniversaries commenced in Chicago yesterday, and delegates from all parts of the United States were present in large numbers.

—Gen. Butler, in a card, repeats his statement about Booth's diary and the wholesale pardoning of deserters in West Virginia by the President for electioneering purposes, and says that the phrase "bottled up" was first used by himself in an official report to Gen. Grant.

—At the billiard tournament in San Francisco, which closed on Thursday night, the champion cue was awarded to A. W. Jamison, of Virginia, Nevada. The Pacific coast was fully represented.

—The cholera has broken out in Buenos Ayres, South America, the deaths exceeding fifty a day.

—Rev. Thomas D. Hoover, of Cranberry, N. J., a member of the Presbyterian Assembly, in that city, died in Cincinnati, on Tuesday.

—Two rival lovers on Wednesday fought a duel near Jersey City, and one of them was shot in the neck, not seriously.

—Judge Kelley telegraphs that he is on his way home from the South.

—The postal money order system has been extended to the Pacific coast, and a large number of offices named.

—There is a probability that the New Jersey Impartial Suffrage Convention, called for the fourth of June, will be postponed.

—Capt. Henry French, of the Navy, died at Boston, yesterday.

FROM ERIE.

Episcopal Convention—Diocese of Pittsburgh—Second Day.

[Special Correspondence Pittsburgh Gazette.]

ERIE, May 22, 1867.

At nine o'clock this morning the members of the Convention, together with a large congregation of citizens, assembled in St. Paul's Church for religious and other services, the Bishop, with seven clergymen in surplices, occupying the chancel. After the usual morning prayer and praise the annual convention sermon was preached by Rev. C. E. Swope, Assistant Rector of Trinity Church, New York, from part of the third verse in the general Epistle of Juda. "It was needful for me to write unto you, and exhort you that ye should earnestly contend for the faith which was once delivered unto the Saints."

The text was appropriate to the occasion, and was elucidated with the clearness, and its lessons enforced with the power and eloquence for which the reverend speaker is distinguished.

The next order was the Bishop's Annual address, which the Rev. Prelate essayed to read, but soon found his voice and strength inadequate, and assigned the duty to the Rev. W. T. Ten Broek, who with a fine voice and manner alternated with the Bishop until the document was completed. The utmost silence pervaded the large audience during the reading of the address. Every ear was intent upon losing no word of the most admirable paper. It contains a general, rather than minute, detail of the Episcopal visitations in every part of the Diocese, and much godly counsel to both the Clergy and Laity. Every mind in the Convention was strongly impressed with the untiring industry, fervid piety, wise discretion and fine administrative ability of the good and zealous Bishop. He has evidently adopted for his model the great Apostle of the Gentiles, and like him will be instant in season and out of season, in prayer and supplication, and in labors of head, heart and hands to the end that the Gospel be preached and the kingdom of our Divine Master extended. I regret that the length of the address must preclude its publication in your crowded columns. It will doubtless be published in pamphlet form and thus obtain the circulation of which it is eminently worthy.

After the address Parochial Reports from the various parishes were submitted.

The Committee on Charters reported several new churches organized, which were admitted into union with the Convention.

The report of the Standing Committee was called for, and read by the Secretary.

The Report of the Committee on Assessments was also read. The proper hour having arrived, the Chair announced in order the Committee on Constitution and Canons. It was taken up and discussed, without any definite result, until half-past six o'clock, when the Convention adjourned to meet at 9 A. M. to-morrow.

Considerable interest was manifested on the subject of the Constitution of the Diocese, and many of the prominent lay and clerical members participated in the discussion. Among the former were General George W. Cass, of St. Stephens, Sewickly, General J. N. Purviance, of St. Peters', Butler, Col. Grant, of St. Pauls', Erie, Senator Bigham, of Grace church, Mt. Washington, and Hill Burgwin, Esq., of St Peters,' Pittsburgh. The discussion will be resumed after the religious services to-morrow. If this shall be disposed of during the morning session, the business may be concluded, and the Convention able to adjourn on Thursday night.

FROM CINCINNATI.

Old School Presbyterian Assembly—Hymnal Report.—The Scotch Delegation—The Church in Scotland.

[Special Correspondence Pittsburgh Gazette.]

CINCINNATI, May 21, 1867.

The business transacted by the Assembly yesterday afternoon was not of any general importance, save the adoption of a report of the committee upon what is called the "Hymnal." This Hymnal is a collection of hymns and psalms with tunes affixed or prefixed designed for use in worship. The report of the committee says, "there has been added to this edition about two hundred and fifty psalms and hymns; among these additions will be found about twenty of Rouse's version of psalms, and a few Scotch paraphrases."

There was a night session of the Assembly for the purpose of formally receiving the Scotch delegation and hearing them. The interest of the occasion was great. Dr. W. D. Howard offered prayer. Rev. D. Irving, D. D., introduced the delegation in a very appropriate manner. Then came the address of Dr. Fairbairn. It gave a brief outline of the history of the church in Scotland, which he and Mr. Wells represented. He then ventured the opinion that one of the great events of the Church of Christ is a thorough preparation on the part of her ministers. In the Church of England statistics show that not more than one half of the candidates for the ministry are *literates*, or persons who have gone through a classical course. Young men shrink from entering the ministry for several reasons. One is, *the growing secularity of the age*. Other vocations are far more remunerative. Another reason is, *the prospect of an insufficient support*. Here he gave some curious facts concerning ministerial support in Scotland. Dr. Chalmers had fixed the minimum stipend even in rural parishes at $750. This is still the policy of the church. The people on the Highlands are poor—sometimes a congregation of eight hundred or one thousand gives only $500 for the support of the ministry. On the Lowlands is greater wealth; true, however, some of the churches are poor. To meet the difficulty the rich agreed to help the poor. A fund was established into which all above the $750 in each parish goes. Dr. Buchanan's Church gives $5,000 to the general fund, and he gets but $750. Dr. Candlish's Church gives $15,000 and he gets only $750. Of course these Churches have means to supplement the $750. Pew rents, collections at the door, dividends from certain funds, and bequests, &c. The general fund is fitly called, the *financial backbone of the Church*. The Free Church intends to elevate the standard of ministerial qualifications, and to increase the minimum of their support to $1,000. The Doctor strongly favors the union of Presbyterian Churches, and thinks the signs of the times imperatively demand it.

Mr. Wells addressed the Assembly, chiefly upon the subject of City Missions. This is his hobby; he rides it constantly and very gracefully. Having already communicated to your readers the substance of his remarks on Sabbath afternoon, we will not refer to what was said last night.

Dr. Gurley, the Moderator, in a very neat and happy manner gave the delegation a most cordial welcome. After singing the doxology, the Assembly adjourned.

We have not yet stated that the whole number of Commissioners present is in the neighborhood of two hundred and forty. There is also a smart sprinkle of church officials here after their own business.

[illegible] proprieties of the [illegible] the sanctity of the Sabbath." May this Committee have wisdom from on high. They have a very important subject under consideration.

The report of the Committee on Domestic Missions having been made, it elicited a discussion, which took a wide range and called forth the varied eloquence of quite a number of gentlemen. Dr. Rockwell said that the Presbyterian Church is not measuring up to her whole duty in respect to domestic missions; is not keeping pace with other churches, especially the Methodist Episcopal. He paid an eloquent and fitting allusion to what had been accomplished by this Church during the past year.

The report shows that in the last year 76 churches have been organized, 6,060 communicants received; 481 Sabbath schools, with 4,259 teachers, and 30,644 scholars are now under the care of the Board. The total receipts for the fiscal year are $96,977. The report fixes the minimum to be raised in the coming year at $200,000.

The report of the Committee of Ten on the subject of contested seats is now before the Assembly. It grants privilege to the contestants to be heard in their own behalf. A perfect tornado of speeches is expected. If it does come your readers shall be duly notified.

Three o'clock P. M. After the religious services an episode occurred. A Dr. King, of the regular army, and a Mrs. Evans, of Covington, presented themselves in front of the platform to be united in holy matrimony. Rev. Mr. Hills, pastor of the church, performed the interesting ceremony. The happy pair have entered upon their wedded life very conspicuously. May they pursue it comfortably to its end.

After this episode the Assembly was addressed by Rev. E. D. Morris, D. D., fraternal messenger from the New School General Assembly. He made a very appropriate address. He said he was sent to represent one thousand five hundred churches, one thousand six hundred ministers, one hundred and fifty thousand members, and one hundred and fifty thousand Sunday School scholars. To this, as also to fraternal greetings from the Dutch Reformed Church, brought by Rev. G. Ludlow, D. D., Dr. Gurley responded on behalf of the Assembly. He was exceedingly happy, and said some things peculiarly eloquent. The whole audience applauded. In addressing the representative of the N. S. Church, he said, "Sir, it seems to be a providential coincidence that just before you arose to address us, two persons had entered those doors, and had, arm in arm, walked up this aisle to be united in bonds of holy wedlock. May it not be the fore-runner and pledge of a speedy and happy re-union of our two churches!"

He also stated he had just received a telegram from Rochester, announcing the fact that the plan of Re-union had been adopted by the New School Assembly without a dissenting voice; and he simply added, "coming events cast their shadows before them." Dr. Gurley then said to Rev. Dr. Sudlow, "In these times, when the tides of re-union are setting in so strongly, if the Dutch Reformed Church shall be swept along, and united to the great Presbyterian Church of the United States, we think Dutchmen, Scotchmen, and all men might have reason to rejoice."

That tornado of speeches is begun. The first blast comes from Kentucky—from a Rev. Simal. This brother contests the seat of Dr. Breckenridge. The Doctor is impatient to ventilate the question at issue. We shall hear him directly.

Presbyterian General Assembly—Report of the Committee on Publication, Sabbath Schools and Education.

[By Telegraph to the Pittsburgh Gazette.]

ROCHESTER, May 23.—The Presbyterian General Assembly occupied the entire morning session in the discussion on adopting the report of the Committee on Publication, which was read by the Chairman, Dr. Winsor. The report states the publication scheme had become a fixed fact and a gratifying success. Concerning the *Presbyterian Monthly*, it recommends a change in the editorial arrangements, whereby so much of its valuable room will not be taken up by the publication of foreign missionary intelligence. The report was adopted, except that portion relating to the new hymn and tune book.

AFTERNOON SESSION.

It was decided to hold the next General Assembly at the Harrisburg First Presbyterian Church.

The report of the Standing Committee on Sabbath Schools was read. It recommended making a permanent Committee to district the Executive body to carry forward the Sabbath School work; also that the Church cordially co-operate with the Committee, and the funds for the object be transmitted through its hands. The report was adopted.

The report of the Standing Committee on Education was read. It shows a gratifying state of things, and recommends the presentation of the cause in all churches. It was put upon the docket for further consideration.

NEW YORK, May 22, 1867.

Immediately after Synod met, on Tuesday afternoon, the special committee on Union made their report. It is as follows:

The committee to whom was referred the whole subject of Union with other churches, would respectfully recommend the following preamble and resolutions for adoption:

WHEREAS, The interests of the cause of Christ require us at this time to inaugurate measures to heal Zion's breaches, and so bring into one the divided portions of the Presbyterian family; therefore,

Resolved, That this Synod recommend to the several Presbyterian judicatories, now met or soon to meet, to unite with us in calling a general Convention of the Presbyterian churches of the United States, to meet in the city of Philadelphia, on the second Wednesday of September next, or at such time and place as may be agreed upon, for prayer and conference in regard to the terms of union and communion among the various branches of the Presbyterian family.

Resolved, That we recommend that said Convention shall consist of a minister and a ruling elder from each Presbytery.

NEW YORK, May 23, 1867.

In the General Synod of the Reformed Presbyterian Church, yesterday, a resolution was adopted that the action of the Synod in favor of organizing a Union should be telegraphed to the General Assemblies now in session, the Old School Presbyterians at Cincinnati, the United Presbyterians at Xenia, and New School Presbyterians at Rochester.

The Committee on Foreign Missions reported the total receipts at $10,985; expenditures, $9,685. Three native Indian students have been licensed to preach.

Rev. E. P. Smith, of the American Missionary Association, an organization for disseminating the Gospel among the colored race, stated that there were five hundred teachers employed.

Dr. H. A. Brown, of the Second Presbyterian Synod, spoke in favor of the union of Presbyterians of every grade in one general assembly.

The delegates of the Old School General Assembly, though invited, declined to speak. There was no delegate from the New School Assembly.

In to-day's session the report was adopted on the appeal of Drs. Steele and Crawford, of Philadelphia, from the action of that Presbytery on the subject of communion, to the effect that the Presbytery acted irregularly; that the law of the church shall be observed in the future in reference to *pro re nata* meetings; that no action was performed requiring it to be reversed, and that the whole subject be dismissed.

There was an excited debate on another appeal of Drs. Steele and Crawford, from the action of the Presbytery of Philadelphia, in licensing two young men to preach who did not implicitly subscribe to the platform of the church, which does not permit the use of hymns, songs, nor even psalms, except the psalms of David are versified by Rouse. The appeal will probably be set aside.

THE SHIPWRECK.

Particulars of the Disaster to the Santiago De Cuba—Statements of Passengers.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 23.—About two hundred of the Santiago De Cuba passengers arrived this afternoon safely. Their statements vary as to the action of the officers of the ship. One passenger, a seaman, says at two o'clock P. M. yesterday the captain went below and left the third mate in charge. The mate left the lookout and went to work washing down decks. It is alleged that this is the reason land was not discovered until the ship struck. As soon as the shock was felt, it was all commotion on board, but the passengers acted very well, and no panic occurred. The officers tried to get the ship off, and arrangements were made to get passengers ashore. There were thirty-five or forty ladies on board. These were taken off first. Capt. Kelly took the first boat ashore in safety, and returned for a second load, when it was unfortunately swamped with the sad result published. Meantime Capt. Patten had taken two boat loads ashore and went to the assistance of those in the water. Two women were taken out, one supposed to be dead. Restoratives were applied, and she was resuscitated. The wreckers, under Capt. Townsend, acted nobly and did much to save the passengers and property. The passengers found themselves five and a half miles from Atlantic City. The people immediately went down to the beach with their teams, and took passengers and baggage up to the city. This morning many of the passengers went to Philadelphia. The remainder came to this city. They say that if the accident had occurred on a rocky coast but few passengers would have been saved.

The Santiago de Cuba has ten feet of water in her, and it is doubtful whether she can be saved. Another account says she lays easy in four feet of water, and will come off at high tide.

Arrangements for Registration Rapidly Progressing.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 23.—The *Herald's* dispatch from Little Rock, Ark., of the 22d, says: General Ord having completed the appointment of Boards of Registration for thirty-three counties, has left here on his return for Vicksburg. He goes by way of the Southern counties to appoint registers there.

A special board of army officers has been convened here to select Registers for certain counties, subject to the approval of the General. Several officers were sent to visit certain other counties for a like purpose. By the end of the month the whole machinery of registration in the State will probably be in working order.

SECOND DAY'S PROCEEDINGS.

Synod met yesterday morning at 9 o'clock, and was opened with prayer by the Moderator.

After the reading of the minutes and the ordinary preliminary business, the Committee on Devotional Exercises, Rev. S. Carlisle, chairman, reported. The report was adopted, and the hour between 11 and 12 A. M. is devoted to conference and prayer.

REPORTS.

Papers were received, read, and referred. Wm. Brown, Synod Trustee, and Treasurer of the Board of Foreign Missions, read his report. Sum total of monies invested $21,445. Mr. Brown offered his resignation. This and the report were referred to the Committee on Finance.

DOMESTIC MISSIONS.

Rev. Dr. Sproull, Chairman of the Board of Domestic Missions, read the report of the Board. Much of the paper referred to the condition of the Missions to the Freedmen. The schools in Washington City are in a prosperous condition. The Board recommend an organization of a congregation in the city, as many freedmen desire to connect themselves with the church. They urge the erection of suitable buildings. The receipts of the Treasurer during last year were $6,601 00. The report was referred to the Committee on Missions.

FOREIGN MISSIONS.

Rev. S. O. Wylie reported for the Board of Foreign Missions. Total receipts last year, $12,244 00. The Mission in Latakia, Syria, is in a most prosperous condition. Suitable buildings are greatly needed, a site has been purchased, and a building will soon be in progress. The Mission has met with virulent opposition from the Greek Catholic bishop and clergy. The schools are to be modified and re-opened on the principle of compensation, thought to be the best. A new school has been opened a few miles out from the city. The Board has considered the question of an enlargement of Missionary operations. The call for more laborers is large. Tarsus and Aleppo are offered and open to the Board. The report closes by a touching reference to the death of Rev. J. M. Willson, a member of the Board. Referred.

THEOLOGICAL SEMINARY.

The Board of Superintendence of the Theological Seminary—S. O. Wylie, chairman—read their report. It passes a eulogium upon the late Prof. Willson. His place was filled by the Board by the appointment of Dr. Scott, of Rochester, N. Y.

LETTER FROM IRELAND.

The clerk read the last year's letter from the Synod of the R. P. Church in Ireland. It expresses warm sympathy and interest in this Synod's work among the Freedmen—the opinion that great good, especially to the slaves, has grown out of the war—rejoices in what is being done to secure amendments to the U. S. Constitution so that it may be Christian—and reviews and censures the conduct of Covenanters during the late war.

The letter was referred to the Committee on Foreign Correspondence.

UNFINISHED BUSINESS

Was resumed, and Presbyteries were interrogated whether they had attended to the direction of Synod last year in reference to the Traveling Fund. All answered affirmatively except the Rochester Presbytery, whereupon it was moved that for the disregard of Synod's order, the Presbytery be admonished, and that the order be renewed.

On this motion considerable discussion arose.

Rev. J. McCracken argued the justness and expediency of the plan, and said that it was the last Synod had devised to raise a sufficient traveling fund. All previous ones had failed.

Rev. R. D. Sproull said that he had, in the Rochester Presbytery, proposed and favored the action of that Presbytery, on the ground of the injustice and impracticability of the plan. He thought it unfair to require weak congregations to pay into fund. Only a few did or could.

Rev. R. Z. Willson argued the practicability of the law, as it required only thirty cents from each member; and this need not be paid by each, but each congregation could raise the sum apportioned in this proportion.

Rev. J. C. K. Milligan favored the motion on the ground that the act of Presbytery was disobedience to the higher Court.

Mr. Brown opposed the motion, and said that the people in Philadelphia thought Synod's plan like that adopted to build St. Peter's in Rome. The passage of the motion would cause the total failure of the whole scheme.

Rev. R. M. C. Thompson said the Presbytery had set at defiance the authority of Synod and argued the practicability of the plan.

Rev. J. A. Thompson said the publication of the action of Rochester Presbytery has done harm and prevented congregations from raising the required funds. A moral principle is involved. Presbytery says that Synod has no right to so order. If we pass such action over now how can we discipline congregations refusing to raise funds. Not poor congregations, but rich—not poor members, but rich, refuse to pay.

Dr. Sproull thought that action should be deferred as there would be a deficit in our fund. He had opposed the plan and foresaw its failure. The meaning of the act was not

Wm. Magee said that the intention of the law was not to *tax* every poor man and woman thirty cents, but that the *congregation* should raise the sum apportioned.

Before the resolution was voted upon, the hour for devotional exercises arrived. It was spent in singing, reading scripture, prayer and the discussion of the subject "Personal Godliness an Essential Qualification to Official Usefulness in the Church."

AFTERNOON SESSION.

SAD INTELLIGENCE.

After the preliminary exercises, Rev. S. O. Wylie rose and said that news of unparalleled sadness has just reached us through the daily press—that Rev. J. M. Armour, a minister of this Synod, while on his way here, perished, with his wife and four children, on board a steamer on Lake Ontario. He could say no more, but bow in submission to Almighty God. He moved that Synod now go before God in confession and prayer.

Dr. Scott said that to add solemnity to the intelligence, he informed the Synod that the Presbytery of Rochester had just been acting on a call for the deceased.

Rev. J. M. Beattie was called by the Moderator to address the throne of grace. During prayer the members of Synod were deeply moved.

Rev. N. R. Johnston moved that a committee be appointed to prepare a minute in reference to the deceased. The Committee consists of Rev. N. R. Johnston, Rev. J. C. K. Milligan, and Alex. Wright.

A PROFESSORSHIP.

Rev. J. J. M'Clurkin asked Synod to appoint an "order of the day" for next Saturday morning, to hear a Committee from the Board of Trustees of Westminster College, at New Wilmington, Pa. The Committee has been authorized to propose to the Synod the appointment of a professorship in the Faculty of the Institution.

The hearing of the Committee is made the order of the day for Saturday morning.

THE ROCHESTER PRESBYTERY CASE.

Under discussion before the recess, was resumed, and a motion made to lay the resolution in reference thereto on the table, until after the report of the Committee on Finance. In the discussion of the motion, the prevailing opinion was the Presbytery had acted in insubordination, and should be dealt with accordingly.

The motion to lay on the table was lost. The original motion was then amended and discussed.

Rev. S. O. Wylie thought the Presbytery had been sufficiently castigated and that the motion should now be withdrawn.

Rev. S. Bowden pledged that at the next meeting of the Presbytery, he would offer a resolution that an apportionment be made to the congregations as the Synod had directed last year.

The original motion was then voted down, and the Presbytery re-directed to make the apportionment.

NATIONAL REFORM.

The Committee appointed at the last meeting to memorialize Congress on the subject of an amendment of the United States Constitution, so that it may acknowledge the existence and authority of God, the authority of Christ Jesus, and the claims of the divine law, reported. The Committee had failed to prepare the memorial until after the adjournment of Congress, but subsequently presented a printed copy to each member of both Houses.

Rev. T. M. Stevenson said that when the missionary in Washington gave the memorial to the Hon. Wm. Lawrence, of Ohio, he said he favored the sentiments contained in the memorial; and that, "while you must wait, as we did for the abolition of slavery, until the right time, you will get all you ask, by and by." The speaker recommended a committee to lay the memorial before the next Congress.

Rev. T. M. Stevenson, Chairman of the Committee on the publication of tracts, &c., on the Amendments of the Constitution, reported. The report is as follows:

The Committee on the work of National Reform, respectfully report:

That they found the work assigned to them to be the printing and circulation of tracts, &c. &c. As no funds were placed at the disposal of the Committee, it was judged that they could most effectively promote the end in view by inducing the members of the Church to establish a weekly newspaper, for the advocacy of the scriptural principles of civil government. To this point the labors of your committee have been chiefly directed. Subscriptions were obtained from various parts of the church to the amount of $12,000,—to be paid in successive instalments for the support of the paper, the entire management of the enterprise to be entrusted to a board of managers, appointed by the Committee.

Rev. D. McAllister was appointed Editor, and accepted the position, but subsequently withdrew his acceptance, being unwilling, himself to assume the responsibility of severing his pastoral relations. He has since been re-elected by the managers. Of his final decision, on which the success of the enterprise now seems to depend, your Committee has not been advised.

Your Committee arranged for a public meeting on behalf of this cause, to be held during the present session of Synod, and have requested Revs. S. Bowden, J. M. McDonald and H. H. George, to address the meeting.

Your Committee recommend the following resolutions:

1. That this Synod cordially approve the enterprise of a weekly newspaper projected by many members of the Church, and express earnest desire for its success.

2. That a permanent Committee be appointed to have charge of this work, to receive contributions, employ laborers, issue tracts, and stimulate and direct in all proper channels, the energies of the Church.

3. That our congregations be directed to take up collections for this purpose, and be encouraged to regard it as having claims second to no other work in which

4. That this Synod now appoint a minister to labor in this cause for one year under the direction of this Committee.

5. That Monday evening next be appointed for the public meeting, for which arrangement has been made.

S. O. WYLIE,
J. R. W. SLOANE,
A. M. MILLIGAN, } Committee.
T. P. STEVENSON,

This report was taken up item by item. The Chairman of the Committee thought this, except the subject of the Theological Seminary, the most important thing before the Synod. He said we owe it to the nation to declare the whole truth on this great subject. If we reform the nation we must speak to the national mind and heart—to twenty millions of men. We have not fulfilled our mission until we have done so.

Rev. J. Crozier said—it is the distinctive work of the witnessing Church to declare the Headship of Christ. Their testimony should be heard. There are two or three ways by which it can be. One is the proposed weekly paper. Can it be sustained? Another is that good speakers cause their voice to be heard before the people. The public ear is open, as never before. A movement of this kind is vital to success in gaining the great end we seek—the bringing of the nation into subjection to God.

Rev. A. M. Milligan said the question is not whether the people are willing for the change. The ministers accept it, but there is a lack of interest. Our work is to stir up the churches. We must show the importance of the subject and excite them to co-operation. There may be fierce opposition by iniquitous men in office through fear that religious men may supplant them. But religious men in all the churches will favor. We need a paper and a lecturer to proclaim the truth all through the land, Jonah-like. Garrison did more by his press to destroy slavery than the whole Covenanter Church in the United States.

Elder —— said that in the publishing of the paper we could co-operate with other denominations and thus take off the odium of sectarianism and insure success.

Rev. J. C. Todd thought the plan proposed by the Committee a very important one. Well can we afford to sink $30,000 if necessary to effect the plan. Other denominations can do other work better than we. This is ours. The paper, he hoped, would not be a failure. God has prepared the public mind for the movement. Let not the hour pass lest the opportunity be lost.

The discussion was continued at length. Spirited addresses in favor of the proposed paper, were made by Revs. Milroy, Kennedy, Carlisle, Wilkin, Wilson, Dr. Scott and others, which the reporter had not time to prepare for the press.

Before Synod came to a vote, the hour for adjournment arrived.

Correction.—In yesterday's report of the Moderator's response to the delegate from the U.P. Assembly, we were made, by the types, to say—"And yet there is in this church [no] movement toward organic union." The word *no* should have been before the word *movement*, so that it would read, "There is in this church *no movement*," &c.

Peculiarities of Construction.

THE MASON & HAMLIN CABINET ORGANS should not be judged by, or confounded with, melodeons, harmoniums, seraphines, or any other organs, or instruments of whatever name, made by other makers, because several of the most important improvements effected by Mason & Hamlin, and from which their instruments in a large measure derive their excellence, *are patented*, and cannot be used by any other manufacturers. Mason & Hamlin also exclusively employ certain machinery and processes of manufacture which give greater excellence to their instruments. It is these advantages, in connection with the extraordinary care and experienced skill employed by M. & H. which give to their instruments a distinctive character, and have won for them unanimous and decided preference from the musical profession, and in comparison with other instruments by the judges of industrial fairs.

They respectfully call attention, therefore, to the fact that the *quality of tone of their instruments is peculiar*, and found in no other reed instruments, and that in other respects, scarcely less important, their superiority is not less obvious.

Among the important patents obtained by Mason & Hamlin may be mentioned the following:

1. THE AUTOMATIC BELLOWS SWELL (patented) is the most important single improvement effected in reed instruments in many years. It is more effective, more easily used and more simple, and so less likely to get out of order, than any other swell. It gives a wonderful power of expression, and so improves the capacity of the instrument one half. The great value of the Automatic Bellows Swell has led to many attempts to produce the same effects by other means, but none of them have proved successful. The practical superiority of this swell must be acknowledged by all candid, competent judges.

2. IMPROVED SELF-ADJUSTING REED-VALVES (patented). This is the most delicate and difficult part of the action of the instrument, and the introduction of these new valves has proved of the greatest value. Their action is more perfect, certain and reliable; the tones are rendered more prompt and equal, and are prevented sounding when they should not. They are less liable to get out of order than any others.

3. WOOD'S OCTAVE COUPLER (patented) in effect nearly doubles the power of the instrument in which it is used, enabling the performer to produce not only the tones immediately connected with a particular key of the instrument, but also their octaves by touching the one key.

4. NOISELESS SAFETY VALVES (patented) prevent the hissing sound heard in many instruments.

5. THE IMPROVED COMBINATION REGISTER (patented) gives great facility for drawing and closing the stops.

From these and other peculiarities of construction, then, which cannot be used by other makers, much of the peculiar excellence of the Cabinet Organs is derived.

The Mason & Hamlin Cabinet Organs can be had in this city *only* at the Warerooms of C. C. Mellor, No. 81, Wood street, as he is the exclusive wholesale and retail agent for them. Go to his rooms and see and hear them all lovers of sweet sounds; or send for a Circular, sent post paid to any address.

Monumental Association Meeting.

The Ladies Monumental Association held a meeting in City Hall yesterday afternoon.

It was reported that the pupils of the Pennsylvania Blind Asylum, who have been giving entertainments in the city during the week, have remaining many useful as well as ornamental articles, which they desire the Association to take charge of and dispose of on commission during the Fair.

On motion, Mrs. Umbstaetter was appointed, with power to select assistants, to receive and dispose of said articles as desired.

On motion, it was decided to furnish all assistants with badges, which shall admit them at all times during the Fair, at a cost of $1,25 to each. The badges, of course, are not transferable.

The Committee on Art Gallery reported the donation of a painting by Mr. Foerster, and solicit further donations of paintings and pictures of all kinds to their department.

Persons having flags are respectfully requested to loan them to the Association during the Fair. They may be sent to City Hall at any time prior to opening the Fair, and will be taken care of and returned at its close.

An excellent band of music will be in attendance every evening at the Fair.

Persons having relics or curiosities are respectfully requested to send them to the Committee at City Hall during Monday and Tuesday next.

The following resolutions were offered and and unanimously adopted.

Resolved, That the Hon. J. K. Moorehead be respectfully invited to open the fair to be held for the benefit of the soldiers' Monument Association, and that he be requested to deliver the opening address on Tuesday evening, May 28th., at 7½ o'clock, at City Hall.

Resolved, That General Pearson, John Watt, Esq., and W. W. Ward, Esq., be, and they are hereby appointed a Special Committee to notify the Hon. J. K. Moorehead of the above action.

All who desire are cordially invited to go to City Hall this morning, and assist in decorating. The frames for the booths are completed, and the evergreens have arrived.

On motion adjourned.

A Distinguished Louisiana Refugee in the City.

Mrs. L. M. E. Ricks, of Washington, D.C., who has been laboring for the freedmen for two years, has collected and distributed among the destitute freedmen of Washington, D. C., and Alexandria, Va., several thousand dollars, and who has within the last year placed in good homes in Ohio, Michigan, Pennsylvania, New York, Indiana, Louisiana, Arkansas and Texas over a thousand freedmen, is now in Allegheny City, stopping with Mrs. Major Wade, 44 Stockton avenue. Mrs. Rick's labors are directed towards the domestic education of the freedmen, to prepare them for domestic usefulness, and then place them in good homes, where they can support themselves honorably and independently. While attending to the changing of the freed people from one car to the other at Harrisburg, the people having got on the wrong car, and the night being dark and rainy, and the track slippery, Mrs. Ricks fell on the bars of iron, and has been quite ill since her arrival at Mrs. Wade's. Mrs. Ricks is a refugee from Louisiana, and has had much experience during the war and among the freedmen since the war. Should she be able, and should the people desire it, she will give them some of the incidents of her own observation before leaving our city.

Mrs. Ricks will be pleased to see and converse with any persons who may desire to visit her at Mrs. Major Wade's residence, 44 Stockton avenue, Allegheny City.

A Sheep Transaction—A False Pretense(?) Case.

Charles A. Stimple, of Reserve township, made information before Alderman Mullin, against Henry Brady for defrauding him out of twenty-five dollars, under false representations. Brady, it is alleged, bought a lot of sheep for two hundred dollars, and by that operation falling short thirty dollars, applied to the deponent to obtain the sum required to fulfill his obligations, proposing to give in return the skins of the animals after being slaughtered. Upon these representations Stimple gave him twenty-five dollars, but discovering subsequently that he had been deceived, instituted legal proceedings against Brady, as stated, who was arrested and held for a hearing. The defendant may have deceived the prosecutor in not slaughtering the sheep, or by disposing of the skins to some other party, but we opine that the case amounts only to a breach of contract, and that Mr. Stimple has mistaken his proper remedy. The prosecution for false pretences, however, may serve his purpose to "get his money back," after the manner in which some of our Aldermen do business in these later times, that is, make use of the criminal law to enforce compliance with civil contracts.

The St. James Hotel.

Elsewhere we publish the business card of this magnificent new hotel, located on Liberty street, opposite the Union Depot, of which Mr. James K. Lanahan is the courteous and obliging proprietor. The house, which has just been erected, is constructed in most approved modern style and contains eighty-four large and comfortable sleeping rooms, arranged in suites, together with commodious private dining rooms for ladies. The public dining room is elegantly fitted up and is a beautiful apartment, having a depth of over one hundred feet. The entire furniture of the hotel, including bedding, is new and fresh and of the costiest style. The bar has been placed in charge of those well-known gentlemen, Messrs. Wiggins and Ed. Kane, and will be kept supplied with the best and purest of wines, liquors and temperance beverages. An elegant self-exhausting and receiving air ale pump is in use, the only one ever introduced west of the mountains. It was furnished and put up by the well-known plumbers and fitters Messrs. Weldon & Kelly, Wood street.

Pianos!!

Much has been published of late by the agents for two rival pianos, the Chickering and Steinway, regarding their merits as represented at the Paris Exposition, and copious extracts from newspaper correspondents and programmes of concerts given as proofs of their superiority over *all others*, proving conclusively to the mind (of those interested) that their favorite is the piano, and the only one deserving the name of *first-class*, "Peerless," &c. Fair play *should* characterise *all* contests, but that jewel is cast aside as valueless in the present case, for we notice the name of one of the most celebrated makers in this country, Schomacker & Co., Philadelphia, is used as having been among the contestants, when such is not the fact, as we notice by their card of denial published in eastern papers. It is due the Messrs. Schomacker—those representing them here, and the public generally, that the parties who have made use of their name in this connection should correct their statement at once.

The Concert Last Night.

The Concert last night at Masonic Hall, in behalf of the Monumental Association, was a decided success. The hall was well filled with one of the most fashionable audiences we have seen in Pittsburgh for some time, and every one appeared delighted with the performances. The singing was grand, and we can say to those who were not there, that they missed the finest treat of the season. The appreciation in which the singing was held is shown by the fact that almost all the pieces were encored. We make no distinction in speaking of the performers, but simply say that all acquitted themselves well, and that Prof. Tetedoux, in his management of the concert, fully sustained the high reputation he has gained in our community.

City Mortality.

Dr. A. G. McCandless, Physician to the Board of Health, reports the following interments in this city from April 12th to May 17th, 1867.

Of the above there were: Under 1 year, 3; from 1 to 2, 1; 2 to 5, 1; 20 to 30, 2; 30 to 40, 2; 40 to 50, 2; 50 to 60, 1; 70 to 80, 5; 80 to 90, 1.

Northwestern Bank of Virginia.

The Wheeling *Intelligencer* says: We understand a settlement of the affairs of the old bank will probably yield the stockholders some 15 per cent. on the stock, in addition to the 50 per cent. which they received in the stock of the new bank. About $32,000 of the notes of the old bank are yet unredeemed. A large proportion of this sum is, no doubt, lost or destroyed. The time fixed by the act referred to, within which these notes may be returned for redemption will expire July 1st, 1868.

Threatening with a Knife.—Yesterday morning, before Alderman Mullin, Adam Hoffman, of McClure township, lodged information against John Houster and wife for threatening him with a knife. According to the statement of the prosecutor, Houster and wife challenged him to a fight, and upon his refusing to accept their proposition, Houster's wife went after a carving knife, flourishing it Hoffman and at the same time making use of very insulting language. A warrant was issued for their arrest.

Going to California.—W. Pitcairn, of the First ward of Allegheny, appeared yesterday before Alderman Mullen, charging a man named Meville Cunningham, with trying to defraud him out of $20.50. Cunningham, it appears, received on credit from the prosecutor $20 50 worth of goods, the payment of which he delayed upon leave granted by the vendor. Now Cunningham is about leaving for California, and refuses to fulfil his obligation. A warrant was issued for his arrest.

Decoration of City Hall.—The evergreen for the decoration of City Hall will arrive this morning at seven o'clock. The ladies and gentlemen, who have charge of the work, will proceed immediately to putting the Hall in proper condition for the fair. The ladies will also hold a meeting in the hall at ten o'clock for the transaction of business, when, it is to be hoped, all interested will attend.

Buy your Goods Cheap at L. H. Gunderman's Hat and Shoe Store, No. 51, Ohio street, Allegheny. No where else in the two cities can better bargains be obtained in the way of Hats, Caps, Boots Shoes and Gaiters. Mr. Gunderman is a fair dealer, content with reasonable profits, and determined to offer great bargains to all who favor him with their patronage.

Rev. Hecker's Lecture.—St. Pauls Cathedral was well filled last evening upon the occasion of the Very Rev. I. T. Hecker's (of New York,) lecture. This gentleman has few superiors in the country as a pulpit orator and lecturer, and fully sustained his high reputation in the able, logical and patriotic discourse delivered that night.

Convicted.—Charles Chase, alias Winton, has been found guilty of murder in the first degree in Jefferson County. He was charged with having killed Mrs. Elizabeth McDonald, and after twenty-seven hours deliberation, the jury convicted him as stated. He was duly sentenced to death.

Davidson Meanol made information yesterday before Alderman Humbert, against Thomas Laughlin, for obtaining goods from him upon false representations. A warrant has been issued.

Grand Concert.—A concert for the benefit of the Sunday School of the First Christian Church, will be given in Excelsior Hall, Allegheny, to-night. A rare musical feast is offered.

Larceny of Furniture.—Louis Fischer, of Allegheny, appeared yesterday before Alderman Mullen, charging his son, Louis Fischer, fifteen years old, with stealing some valuable furniture. The father deposed that his son was keeping a barber shop in the Second ward, and that in order to give his house a suitable appearance, he abstracted from his (the father's) furniture store different articles, valued at $100. A warrant was issued.

Personal.—Our esteemed former fellow citizen, Col. J. B. D. Clark, of the *Evening Journal*, Titusville, Pa., paid us a visit yesterday. He comes hither to solicit advertising patronage for his largely circulated and well conducted paper, and we trust he will meet with liberal encouragement. The *Journal* is in a prosperous condition, and is now universally recognized as one of the best and most enterprising newspapers in the oil regions.

Buying Metals from Irresponsible Parties.—A. M. Hackett, detective at the Pennsylvania Depot, made information yesterday before Alderman Taylor, against Albert Rush, charging him with buying brass and other metals from irresponsible parties, in violation of an act of Assembly forbidding the same. Rush was arrested and gave bail for a hearing on Tuesday the 28th instant.

A Wife Abandoned.—Ellen Divine appeared before Alderman Taylor yesterday and made information against her husband, William Divine, charging him with abandonment. She is employed at the St. Clair Hotel, and alleges that her husband has left her and contributes nothing to her support and that of her family. The Alderman issued a warrant for the arrest of defendant.

Location of Carriages.—The Street Committee of Councils have decided that carriages in the neighborhood of the Monongahela House shall be located thirty feet south of the curb stone on Water street, between Smithfield and Wood. The location of vehicles in other parts of the city was not finally decided upon, but will be at the next meeting of the Committee.

Taken to Kittanning.—Officer Bell, of Alderman Taylor's police, took a trip to Kittanning yesterday, having in charge a young man named Henry Bush, who is charged with stealing a switch key and also some car keys from the Allegheny Valley Railroad Company. He will be tried there on the charge at next term of Court.

Attempted Robbery.—Eli Wycoff made information before Justice Barker, of South Pittsburgh, against William Messick, charging him with attempting to rob Matthew Harbison, on Thursday. Messick had a hearing, and in default of five hundred dollars bail, was committed to jail to answer at Court.

Free Excursion, and second auction sale of lots to come off at Sharpsburg, on Monday next. From the interest manifested in this most valuable property, those wishing to invest should not fail to attend, as all remaining lots will no doubt be sold on that day. See auction advertisement.

On the 21st of March, last year, several barns in the vicinity of Columbiana, Ohio were struck by lightning and consumed. The copper tubular lightning rod with spiral flanges, manufactured in this city by Lockhart & Co., will save all kinds of buildings from damage by lightning.

Affiliation.—Sallie Williams, colored, a resident of the Sixth ward, made information yesterday, before Alderman Strain, charging Henry Johnson, a colored man, and carriage driver for one of our citizens, with affiliation. Henry was committed for a hearing to-day.

Alderman Strain left for Washington county yesterday afternoon, to be present at the trial of Bob. Matthews, charged with robbing the Bank in Canonsburg. The trial takes place to-day, and the Alderman expects to be home in the evening.

Disorderly Conduct.—Emma Scriber and Catherine Smith appeared yesterday before Alderman Mullen, of Allegheny, to answer a charge lodged against them by William Gallinger, for disorderly conduct. They were held for a hearing.

Released from Custody.—J. K. Lee, committed a few days ago by Alderman Morrison, on charge of surety of the peace, preferred by his wife, was yesterday released, the required bail for his appearance being furnished.

Disorderly Conduct.—Catherine Mayer appeared on Wednesday before Alderman Mullen, to answer a charge lodged against her by John Lary, for disorderly conduct. She was sentenced to pay the fine and costs

Doctor Smith, of Lawrenceville, lately sentenced to the Penitentiary for a period of seven years, was removed to his new quarters yesterday afternoon.

FROM MISSOURI.

A Desperate Proceeding—A Bank Robbed in Daylight and Three Persons Murdered.

[By Telegraph to the Pittsburgh Gazette.]

KANSAS CITY, MO., May 23.—About two o'clock to-day, twelve or fourteen men entered the banking house of Hughes & Wasson, at Richmond, Missouri, and robbed the money tray of $4000; also killed a man named Shaw and two others named Griffin. The murders fled in a westerly direction and a party have gone in pursuit.

Welborn, a member of the firm of Scott & Cutler, of incendiary notoriety, procured a change of venue, and was taken to Lexington and admitted to bail in the sum of $10,000 to-day.

—A correspondent, writing on board the boat that conveyed Jefferson Davis and his party from Fortress Monroe to Richmond, describes Mrs. Davis as follows: "Mrs. Jefferson Davis walked down the plank—a lady a trifle younger than the widow of Abraham Lincoln, but buxom like her, and of the same housewife cast of features—a lady probably never called a beauty; so swarthy that she might almost pass for a quadroon, with large, full lips, dark, impassioned eyes, black hair, and too much flesh for gracefulness. She wore a gray poplin dress, and no ornaments save a couple of rings. Altogether she was hardly a poet, or a poet's divinity, but the second wife of an elderly man, who added her wealth to his talents; and in her private devotion was as intense as he is in his public defection."

INQUIRE WITHIN.—The mouth is like a house to let. However pretty it may be externally, it is impossible to judge of its merits until you have seen the inside. If behind the ruby doors there are plenty of pearl-white fixtures, you will exclaim, at once, "how beautiful!" To impart the utmost possible brilliancy to such dental furniture—to keep it always sound and perfect—there is nothing like fragrant Sozodont.

The Pittsburgh Gazette.

FRIDAY, MAY 24, 1867.

THE FENIANS are reported to be resolved on another and speedy assault on Canada. Some people learn by experience; but this sort does not.

IT APPEARS that the Emperor of Brazil has not abolished Slavery—only has the measure under advisement. So much the worse for the Emperor.

GEN. BUTLER repeats his story about Booth's diary. Why don't he prove it? Col. Conger, who took the diary from Booth's person, testified before the Judiciary Committee that the missing leaves were gone when he first saw it.

MR. DAVIS having reached Canada with a whole skin, his admirers are petitioning the President to pardon him. In the present temper of loyal men throughout the North Mr. JOHNSON will need superlative hardihood before complying.

MESSRS. WILSON and KELLEY, as the result of their Southern experience, feel confident the time has come for a full discussion of the aims of the Republican party before the people of the revolted States. This is a delicate service, which demands the ablest and coolest men.

ENGLISH TRAVELERS in the United States have commonly spoken most disparagingly of our railroad carriages, because of the publicity they compel. They have given decided preference to the compartment car in use at home. But railroad men in England have become dissatisfied with their own carriages, because they afford no facilities for communication between passengers and the train hands. Wilmer and Smith's European *Times* now comes out in favor of the system universally adopted in the United States, and advocates it, even if the English government has to compel companies to change the cars to adapt them to the new plan.

EVER SINCE the conception of the project for building a railroad across the continent, it has been a serious question how to protect the mountain section from interruption during winter by snows. It has finally been decided that through mountain cuts the track will have to be protected by sheds strong enough to support any superincumbent mass of snow that may gather upon them. According to the design adopted the roofing will have a double support of stout timbers at the eaves and half-way between the eaves and the peaked top, so as to be strong enough to sustain the weight of many tons of snow. Many miles of this roofing will have to be erected.

THE Philadelphia *North American*, a few days ago, made some sensible and timely suggestions as to the wisdom and necessity of avoiding, in the rehabilitation of the Union, what may hereafter be claimed as a compromise between the loyal and rebel States. The idea always was mischievous and unfounded that one Congress could bind another on any public question whatever. Each Congress assembles under the Constitution, as it happens to be at the time, and has full power within the limitations set up by that instrument.

Nevertheless, it is politic and essential that the States which revolted should know what conditions they must comply with precedent to restoration to their former rights as members of the Union. Certain things have been required at their hands; and while no one is empowered to say that another Congress will or will not go further or recede somewhat from the positions assumed, it is proper and useful for members of that body to express their individual opinions that every State complying fairly with the terms proposed will be admitted to equal participation in the government.

When the States shall again all be represented at Washington, the powers of Congress will be neither enlarged nor diminished. Whatever legislation it may judge to be needful, and for which authority can be justly deducible from the organic law, it will have the right to consummate. The Constitution is the only restriction upon Congress, and none other must be allowed.

THE CASE OF MR. DAVIS.

Why was Mr. JEFFERSON DAVIS admitted to bail? This inquiry excites more and more interest with each succeeding development of the case. Judge UNDERWOOD's loyalty has never been suspected. Indeed, the only complaint against him has been his intense radicalism. Up to a late period, it was clearly his intention to bring on the trial. In reported conversations he expressed himself strongly against admitting the prisoner to bail. Of course, if the crime charged was bailable, the accused had a right to tender security, and the prerogative of the Judge was limited to fixing the amount and determining the competency of the persons offering. Almost up to the last moment the Judge held the case not to be bailable, and few lawyers will dispute the accuracy of that opinion.

But a change came over the Judge. He finally decided that the offence was bailable, and consented to let bail be entered. The attorneys of the government were there, confessedly unready to proceed with the case, after more than two years to prepare in. Unreadiness under such circumstances admits only of one interpretration, which is, that the government did not want to try the case. All the facts essential to be proved, are notorious. Witnesses are abundant. But they confessed they wanted the case put over. They consented to have bail taken and the prisoner released. It is now known they were in negotiation, some time before, with gentlemen who proposed to sign the bond, and that some of these gentlemen went on to Richmond in consequence of the understanding entered into, and were present when the case was called up. All this goes to show that the idea of taking bail originated with the government; that in view of the determination of the government, if not of his concurrence therein, Chief Justice CHASE did not go to Richmond when he knew the case would be disposed of; and that influences—we do not say improper ones—were brought to bear on Judge UNDERWOOD, which induced him to take the step the government desired.

This view is strengthened by the announcement that Mr. DAVIS has taken up his residence, for the summer, at least, in Montreal. It is possible this was an after thought, suggested by the appalling clamor for his blood, which broke from the Republican press directly upon his enlargement. Still, if he had stopped to reflect, he would soon have been satisfied that the outcry proceeded, in part, though not altogether, from the enemies of Mr. GREELEY, who were jealous of his position and influence, and thought they had discovered an opportunity to destroy him in popular estimation. But, in part, also, this outcry came from a profounder depth than personal jealousy and hatred. A strong feeling exists that some expiation ought to be made to the offended majesty of the laws; that the rebellion ought to be punished in the person of its chosen leader; and that this is due alike to the demands of justice and the instinct of self-preservation. In this sentiment we fully participate. While we have from the first steadily resisted demands for cruel decimations, sweeping proscriptions and wholesale confiscations, we have repeatedly urged that it was needful in a signal manner to brand Treason as a Crime, and that this could only be done by arraigning, convicting and punishing a few of the leaders of the inexcusable revolt.

There are men of great intelligence and moral purity who take a different view. They think that Justice can best be vindicated by Mercy, and that the nation can be sooner restored to oneness by Clemency than by Rigor. There is much force in what is presented to sustain that idea; though we do not yield to it. Moreover it must be confessed, that when stormy passions sweep over a nation, stiring it to its lowest depths, severe exactions are received with a degree of favor which appears most unaccountable fifty years later. History is full of lessons on this point, which are seldom read to profit when there is most occasion for them.

Mr. DAVIS is safe in Montreal, and will doubtless stay there until assured that his life will not be periled by coming back. So far, therefore, as he is concerned, an end has been made of his case at Richmond. What remains for Judge UNDERWOOD at his next term is to declare default of appearance, and enforce the collection of the one hundred thousand dollars, if the national honor shall appear to demand it.

IRON MANUFACTURES IN ENGLAND.

During the time of the Romans occupied Britain in the early part of the Christain era, they had numerous small establishments for the manufacture of iron in various parts of the island, and considerable quantities were made. But so rude were the processes that not half the metal was extracted from the ore. Large masses of cinder from these primative furnaces have been found, and worked over, being almost as rich as original ores.

Upon the evacuation [illegible] the Romans [illegible] off greatly; [illegible] native wor[illegible] ply the ho[illegible] Charcoal [illegible] the earli[illegible] the eigh[illegible] ting aw[illegible] for it [illegible] but at [illegible] in thi[illegible] tiona[illegible] Earl [illegible] of Earl Dud[illegible] to that of his natural son, DUD DUDLEY; and a patent was issued to the Earl. DUD DUDLEY was a man of great genius and energy, and notwithstanding all the opposition he encountered from popular prejudice, and even violence, he had by long perseverance succeeded. But during the troubles between CHARLES I. and Parliament, DUDLEY espoused the cause of the King, and became an officer in the loyal army, and the consequence was that his estate was confiscated and he reduced to poverty. After the Restoration he petitioned CHARLES II. for a restoration of his property and his patent, but that monarch had a favorite to whom he granted the patent, and thus DUDLEY was debarred from prosecuting the business. The other tried but failed, and thus the manufacture of iron with mineral coal was set back not less than a hundred years, and the business dwindled almost to nothing. In 1740 there were only fifty-nine furnaces in all England.

About the year 1857, at the Coalbrookdale works, under the management of RICHARD REYNOLDS, pit coal, for the first time, came into large, regular and successful use in the manufacture of iron. From this time that important industry rapidly and steadily increased, until at the end of the first century from the date of the first use of mineral coal it has grown to the enormous aggregate of over four millions of tons a year.

Nearly a century elapsed between the date of the successful introduction of mineral coal in the smelting of iron ore in England and its successful introduction in this country. For a long time the impression prevailed that our coal was for some reason unsuitable. About 1819 a company erected a large furnace, on the plan of the coke furnaces of England, on Bear Creek, near the Allegheny seven miles north of Brady's Bend. It was constructed under the direction of a Mr. LEWIS, an intelligent Englishman; but the experiment was not successful. A long time intervened between that attempt and the next, in the bituminous coal region. Meantime the smelting of ore with anthracite coal had proved highly successful. Between 1830 and '40 the use of coke in this business was again essayed and proved entirely successful, and now nearly all the iron made in Western Pennsylvania and Eastern Ohio, is smelted with mineral coal, either used raw or in the form of coke.

THE public health of New York and Brooklyn is much better this season than the corresponding one last year. No case of cholera has yet been reported. The scarlatina and measles prevail as an epidemic, carrying away last week forty-one children. Three well authenticated cases of spotted fever were reported. In closing his report the Registrar of Vital Statistics says:

The most important Sanitary Conference that ever convened, closed its meeting in the city of Weimar, after uniting upon recommendations and methods for prevention and cure of cholera that conclusively reaffirm the principles that guided us in New York and Brooklyn last year. The whole lesson is summed up in these words. 1. Thorough drainage. 2. Constant and perfect cleaning. 3. Pure water for drinking. 4. Specific, abundant and immediate disinfection to destroy the infective property of all excremental matter from the sick, and from persons who have arrived from infective places.

—James W. Campbell, the Virginia Sheriff who hung John Brown, died three or four days ago. He has seen John Brown's soul march on and conquer the whole South.

CARDINAL CULLEN, the Catholic Archbishop of Ireland, in a recent pastoral, laments the existence and action of secret political societies in Ireland, and deplores the depopulation of the island. He says that within a recent period nearly three millions of the Irish people have emigrated, most of them coming to the United States.

THE records of the Department of Internal Revenue disclose the fact that in the whole United States, last year, only 450,000 persons paid tax upon incomes. Out of thirty-five million of population less than half a million had incomes exceeding six hundred dollars.

ALABAMA is in a healthy financial condition. She is rapidly discharging her State debts, and liquidating the accumulated interest upon her foreign bonds, the payment of which was almost entirely suspended during the rebellion.

THE two Republican papers of Gettysburg have been consolidated, under the ownership and management of Hon. Ed. McPherson, Robert G. Harper and D. A. Buehler, with the title of the *Star and Sentinel*.

WHAT IS COD LIVER OIL?—The Bridgewater *Gazette*, a New England journal, says that a physician in that place was recently called to prescribe for a somewhat illiterate old lady, and as cod-liver oil, in his opinion, was the remedy for her complaint, he wrote a prescription for the apothecary to put up, with the Latin formula, "Ole. Jec. Ass.," being an abbreviation of "Oleum Jecoris Asselli," or, in plain English, cod-liver oil. The medicine was procured, taken, and in a few weeks the lady completely recovered her health. A neighbor paid her a visit after her recovery, and, expressing surprise at her improved condition, inquired the secret of so rapid a restoration. "Why," said the old lady, lifting both hands in grateful enthusiasm, "it was that *beautiful* medicine, the *Oil of Jackass*, that brought me on my feet again!"

Mr. GEORGE MUIR, of Armstrong's Coal Works, Penn township, Allegheny county, speaks as follows of the

REV. E. A. WILSON'S

Great Remedy for Consumption:

"I was reduced so low with consumption that I was unable to leave my bed, and my physicians informed me that they could do nothing more for me, my case being utterly hopeless, that I had not certainly over a month to live. At this stage I was induced to try REV. E. A. WILSON'S REMEDY, and to-day I am as well as any man in the world. If there are any who doubt this statement, they can call and see me, (as per above address) and I will give them all the particulars of my extraordinary recovery."

PINUS CANADENSIS.

A tree which is abundant in Canada, Nova Scotia, and the more northern parts of the New England States, and is also found in the elevated and mountainous regions of the Middle States, and abounds in medicinal virtues. Dr. Swett, of Boston, has prepared a medicine from the sweet inside bark of the pine tree, called POLAND'S WHITE PINE COMPOUND, which is one of rare value in all debilitated states of the kidneys. It acts like a charm in all diseases of mucous membranes, enabling them to regain their lost tone and energy. It will be found well adapted to all those diseases, where Buchu has been tried and failed. It is likewise well suited to chronic coughs, and an infallible specific for old and debilitated cases of asthma. Many persons who at first only took a bottle of this medicine, to try, afterwards came back and got a dozen, or half dozen, which effected radical cures of diseases of the bladder and kidney of years standing.

Diabetes, a disease that has been looked upon as among the incurables, is immediately relieved by it. Notice the certificate of Asa Goodnue, published some time ago.

The *United States Dispensatory*, speaking of the pine, says: "it is prescribed in leucorrhœa, gleet, and other diseases of the urinary passages; in piles and chronic inflammation or ulceration of the bowels, in chronic catarrhal affections, and in various forms of rheumatism." It is exceedingly valuable in all gravelly affections, bloody urine, and where there is red and white sediment. It can be taken without interruption to one's usual avocations; and instead of sickening, produces a bracing, healthy power of endurance and vigor. Price, $1 per bottle; six for $5.

Ask for POLAND'S WHITE PINE COMPOUND. For sale by the gross, dozen or single bottle, at DR. KEYSER'S Great Medicine Store, 140 Wood street. ap20

ORDINANCE Amending Section Third of the Ordinance defining the duties of the Recording Regulator.

SECTION 1. *Be it ordained and enacted by the Select and Common Councils of the City of Allegheny, and it is hereby enacted by the authority of the same*, That Section Third of ordinance defining Recording Regulator's duties be amended so as to read as follows:

Any person desirous of having any lot or piece of ground within the city laid out and regulated, or any of its lines located or determined, shall make application in writing to the Recording Regulator, previous to any regulation or measurement being made.

And it shall be his duty, on receipt of such application, to have determined, marked out and located on the ground, the boundary or boundaries of such lot or piece of ground, for which service he shall collect from the person making the application, and pay over into the Treasury of the city, the sum of not less than three ($3,) or more than five ($5,) dollars, depending on the amount of labor required. He shall also have entered and protracted in a suitable book, and upon the plot of the square to which it may belong, a correct plot or diagram of every lot that may be hereafter regulated, and record the name of the owner or person requesting such regulation.

HELMBOLD'S CONCENTRATED EXTRACT SARSAPARILLA is the *Great Blood Purifier.* ap1:MWF

The Pittsburgh Gazette.

FRIDAY, MAY 24, 1867.

THE COURTS.

District Court.

Before Hon. Moses Hampton.

The case of M. K. Moorhead & Co. vs. Tomlinson, Hartupee & Co., before reported, went to the jury Thursday forenoon, but no verdict had been rendered at adjournment.

The case of Jaroslowki, Bro. & Co. vs. M. Simon & Co. was taken up, but not proceeded with on account of the absence of a material witness, and Court adjourned before the stated hour.

United States District Court.

Before Hon. Wilson McCandless.

CONDEMNATION DECREE.

In the case of the United States vs. two and a half barrels of whisky, the property of Charles McClune, the Court decided as follows:

The pleadings and proofs in this case exhibit a clear violation of the Internal Revenue Laws. The respondent is not protected from payment of the special tax by the previous unexpired license tax which he held; nor can an Inspector, or other officer of the Revenue, relieve him from the performance of a plain duty enjoined by law. Sentence of condemnation is therefore pronounced against the two and one-half barrels of whisky, and all and singular the articles enumerated in the libel.

ORDER FOR REMOVAL.

An order was granted for the removal of James Carnahan from the jail in Venango county to the jail in this city. Carnahan was committed for trial by U. S. Commissioner Myer, to answer a charge of passing counterfeit money.

Common Pleas Court.

Before Hon. James P. Sterrett.

In the case of William Lindsay vs. Thomas W. Lindsay, Geo. G. Negley, John N. Berlin and James S. Negley, (tried before Judge Stowe,) the jury on Thursday morning rendered a verdict in favor of the plaintiff for the full amount of his claim, with interest, $10,723 92.

A. McClintock vs. William Duckham. Action to recover between three and four hundred dollars for goods sold and delivered. The defense set up was that plaintiff contracted to deliver a certain amount of palings for a fence around a piece of property in Liberty township, to be of pine, one inch thick, three inches wide and five feet long, but that plaintiff failed to furnish palings corresponding with the contract, or any others suitable for fencing, and that those furnished could not be used advantageously. Verdict for the plaintiff for $334 34.

James Whitlow vs. James Crawford. Action to recover for services as a gardener at the rate of thirty-three dollars per month, for six or seven months. Defense plead payment, at the rate of thirty dollars per month. On trial.

The case of G. W. Evans vs. the Pittsburgh, Fort Wayne and Chicago Railroad Company, fixed for trial yesterday, was passed for settlement.

John H. Teahl, of Eberly's Mills, for improvement in bushes for spindles for ginning mills.

Leonhardt Witting, of Philadelphia, assigner to C. Liebrich, of same place, for improvement in trunk locks.

Interesting Incident.

We were passing the postoffice building yesterday evening and witnessed an effecting little incident, which to our mind gave a fitting rebuke to the ungentlemanly practice of making remarks about strangers, and particularly ladies who happen to pass a little better dressed than those who indulge in the remark. A lady, very well dressed, passed by the old "Hero of Fort Fisher," who stands with his silent yet eloquent appeal to patriotic benevolence. She looked a moment and passed on a few steps, just in time to escape hearing the ill-timed remark, "Shoddy," from one of the crowd, but she went but a step or two, when, drawing her purse, she took from it a bill, not of a smaller denomination than a "five," and folding it so as to conceal its size, walked back and dropped it into the sailor's box, and as modestly and quickly as possible disappeared among the crowd. Her name may not appear here. We would like to give it, and show where, in one case at least, fortune has smiled on one who is worthy.

Fatal Affair Near Greensburg—Alleged Homicide.

We are advised of a fatal affair, stated to have occurred near Greensburg, in Westmoreland county, on Wednesday night about ten o'clock. An elderly woman, known as "Biddy" Hoyne, had a severe struggle with another woman, called Cook, and in the struggle Mrs. Hoyne's neck was broken, killing her almost instantly. Mrs. Hoyne had retired to bed, and Mrs. Cook, having, as is supposed, had designs upon her for some time, attacked her while asleep. Mrs. Hoyne's husband died suddenly some time since, and the woman Cook, it is now also supposed, had a hand in his death. Our informant had not learned whether she had been arrested.

Fight on St. Clair Street.

Two men, named John Boyle and Hugh McGowan, got drunk on Wednesday evening and came up St. Clair street to the corner of Penn, where they rudely attacked a gentleman, who was standing there at the time, knocking him down and otherwise abusing him. When he got up, he remonstrated with them, when they attacked him a second time, pushing him into Super's drug store. Before they could be ejected, they had broken the marble fountain which adorns his counter. They were arrested by officer Buchanan and taken to the lock-up. They had a hearing yesterday, and were sent to jail ten days. Mr. Super will also make information against them for damages.

Is He Here?

A letter has been received at the Mayor's office from Phillip Doty, of Portland, Maine, inquiring about one Reuben Henry Curtis, of that city, who, as is alleged, obtained from the writer goods to the amount of sixty dollars by means of false and fraudulent representations, and then left the place. When last heard from he was tending in this direction, and is now supposed to be in this city. The letter describes the fugitive as being a man of five feet nine inches high, and having sandy hair and whiskers, and states that he formerly ran the supply steamer General Morgan from New York to New Orleans. He has not been seen here.

An Insane Man Arrested.

Yesterday afternoon officers Logan and Portzer of the special police arrested, at the corner of Pride street and Pennsylvania avenue, an insane man, who gave his name as Warren Evans, and brought him to the lock-up. He had gathered about him a crowd of two or three hundred men, women and children, and was discoursing to them on religious subjects. His sermon was not an example of first-class composition, nor was the delivery of it calculated to impress the hearers with the idea that he was an eloquent man, but still they listened to him, on account of the novel manner he had of dealing with his subject. He had formed a notion that he had received a divine call to preach the gospel, and was pitching into the present method of doing the same by the Divines of our day. The man is evidently the victim of religious insanity. He is aged about fifty or sixty and spends his time in the lock-up in shouting scraps of sermons and prayers. He will be detained there until his friends take charge of him or will be sent to the Insane Asylum.

A Knock Down.—James Dain, a resident of High street, in the Third ward, made information yesterday before Alderman Morrow, charging Michael McGrady, a resident of the same neighborhood, with assault and battery. Mr. Dain avers that McGrady came into his stable yesterday morning and made an unprovoked assault upon him, striking him in the eye with his fist and knocking him down. His eye bore sufficient evidence of the truth of his statement. A warrant was issued for the arrest of the defendant.

Concentrated Fluid Extract Sarsaparilla

Eradicates ERUPTIVE and ULCERATIVE DISEASES of the THROAT, NOSE, EYES, EYELIDS, SCALP and SKIN,

Which so disfigure the appearance, PURGING the evil effects of mercury and removing all taints, the remnants of DISEASES, hereditary or otherwise, and is taken by ADULTS and CHILDREN with perfect safety.

TWO TABLE SPOONFULS of the Extract of Sarsaparilla, added to a pint of water, is equal to the Lisbon Diet Drink, and one bottle is equal to a gallon of the Syrup of Sarsaparilla, or the decoctions as usually made.

AN INTERESTING LETTER is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla in certain affections, by Benjamin Travers, F. R. S., &c. Speaking of those diseases, and diseases arising from the excess of mercury, he states *that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state of the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.*

☞ **A CARD TO INVALIDS.**

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE. Please enclose a post-paid envelope addressed to yourself.

FOR SALE.

FOR SALE.—Farm of 147 acres, situated in Penn Tp., Westmoreland Co., Pa., adjoining Grapeville Station, on Penn'a. R. R., on which there is a good Two Story Stone House, with Six Rooms, a Barn, Carriage House, and other buildings; an Orchard of different fruit trees; it is underlayed with coal. There is a Salt Well on it in good order, producing 9 bbls. per day. This property is offered very cheap and on good terms.

Also An excellent Farm of 160 acres, of which 95 acres are under cultivation, situate in Christian county, Illinois. Improvements—a new frame dwelling containing 5 rooms; about 400 choice fruit trees, good fencing, &c. It lies within 2 miles of the Illinois Central R. R.; will be sold on reasonable terms. City property taken in part exchange if desired.

Also, a Farm of 312 acres in Penn township, Westmoreland county, 220 acres cleared and under cultivation, 92 acres of first-rate white oak and other timber, 2 dwelling houses, 1 of them 2 stories, the other 1 story, with a tenant house, with a first-rate Steam Sawmill in good running order; young orchard of grafted fruit. The land is rolling; every acre is tillable, with limestone soil and subsoil, with never failing springs; within one hundred rods of the Penna. Central Railroad; 28 miles east of Pittsburgh, and three miles west of Greensburg. This farm is pleasantly and eligibly situated in a good neighborhood; every acre is underlaid with coal. The title is good.

Also, a two-story Brick House, with 10 rooms; 20 feet front and 58 feet back, with two good lots, situated in the village of Bairdstown, Derry township, Westmoreland county, Pa., on the bank of the Conemaugh river, immediately opposite the Borough of Blairsville. This property I will sell for the low price of $1500.

Also, a Farm of 220 acres, situated in East Wheatfield township, Indiana county, Penna. The improvements are a good frame house, frame barn, and other outbuildings; about 180 cleared and under good fence, the residue in good timber. The soil is of a good quality, well watered, convenient to churches, schools, mills, etc. Will be sold at the low price of $40 per acre. Possession immediately.

LEGAL.

STATE OF PENNSYLVANIA, ALLEGHENY COUNTY, ss.—In the Orphans' Court in and for said county.

The petition of Ann Sutton, Administratrix of the estate of Harriet Bloor, deceased, and of Richard B. Sutton, Guardian of the minor children of Harriet Bloor, deceased, was presented to the Court, showing, That the said children to wit: Theodosia Bloor, Alfred Sutton Bloor and Louis James Bloor, are seized in fee of the following described property, situated in the Borough of Clarion, County of Clarion, and State of Pennsylvania, to wit: All those certain pieces or tracts of land situate in the Borough of Clarion, known and numbered in the plan of said Borough as outlots Nos. 47 and 48, and inlot No. 4, of No. 46, and inlots Nos. 168 and 169, all of which lots, by sundry conveyances in law, became vested in the said Harriet Bloor, now deceased.

Your petitioners therefore pray the Court to grant them an order to make sale of the said described real estate, with the appurtenances, for the maintenance and education of the said children, freed from any incumbrance arising out of any claim on the part of James H. Bloor as tenant by the courtesy; and also praying that the Court would direct a Citation to issue to the said James H. Bloor, to show cause why the prayer of the petitioners should not be granted, and the said described real estate be sold for the support and education of the said minors.

Now, therefore, we command you, the said James H. Bloor, that you be and appear before the Judges of our said Court, at an Orphans' Court to be holden at the Court House in the City of Pittsburgh, on SATURDAY, the FIRST DAY OF JUNE, at 10 o'clock A. M., and then and there show cause, if any you have, why the prayer of the petitioners should not be granted, and the said described real estate to be sold, freed from any incumbrance arising out of any claim you, the said James H. Bloor, might have as tenant by the courtesy, and herein fail not.

Witness, the Hon. JAMES P. STERRETT, President Judge of our said Court, at Pittsburgh, this 25th day of April, A. D. 1867.

ORPHANS' COURT SALE.

BY VIRTUE OF AN ORDER OF the Orphans' Court of the County of Allegheny, I will expose to Public Sale,

AT THE COURT HOUSE,

In the City of Pittsburgh, County aforesaid,

On Thursday, the 30th Day of May,

A. D. 1867, at 10 o'clock A. M., all the right, title, interest and claim of Elizabeth, Henry, John T. and Joseph McComas, (being the undivided one-half,) of, in and to all that certain lot or piece of ground situate in Elizabeth township, in the county of Allegheny aforesaid, bounded and described as follows, to wit: Beginning at a post on the McKeesport road, and running thence east to lot No. 8 in a plan hereinafter mentioned; thence by the same one hundred and twenty feet to an alley 16½ feet wide; thence west sixty feet to a post; thence one hundred and twenty feet to the place of beginning—Being Lot No. 7 in what is known as Walker's second addition to the town of Elizabeth, in the county aforesaid, on which there is erected a Two-Story Brick Dwelling House.

TERMS OF SALE—Cash, on confirmation of the sale by the Court.

MARY JANE McCOMAS,

my9:a1 Guardian.

IN THE MATTER OF THE PETITION of the Reserve Township Building Association for Charter. No. 329, March Term, 1867.

And now to wit, May 3d, 1867, the Constitution and Articles of Association having been examined by the Court, and the objects, articles and conditions therein being considered lawful, it is hereby ordered that notice of the petition be published in the Pittsburgh DAILY GAZETTE for three weeks, and no reasons appearing to the contrary, said Charter will be granted at next term. BY THE COURT.

Attest: JACOB H. WALTER, Prothonotary.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 23, 1867.

The New York stock quotations to-day, as reported by Ph. R. Mertz, were as follows: Gold, 138¾; Eighty-one bonds, 111¾; Five Twenties, 1862, 109½; Five Twenties, 1864, 105¾; Five Twenties, 1865, 106¾; 5-20s, Consols, 108½; Seven Thirties, first issue, 106¾; do, second and third issues, 105¾; Ten Forties, 100; Cleveland & Pittsburgh Railroad, 73¼; Fort Wayne & Chicago, 95¾; Erie, 60¾; Chicago and North Western, 33¾; Chicago and North Western prefrd, 59; Chicago and Rock Island, —; New York Central, 97¾; Reading, 103¾; Michigan Southern, 67¾.

The sharp advance in the gold premium seems to be checked despite the heavy shipments which are said to be made for Saturday's steamers. Should the Government preceive that the limit in the upward movement is reached, it would be more liberal in its daily sales of gold and redeem 7-30s and compounds with the proceeds of the sales. There are no troubles to be apprehended from Europe, and the financial condition there is very satisfactory. English consols have not been as high as they are now for many years, and the rate of interest is very low all over the continent. The shipments of 5-20 bonds are large and find ready sale at London, Paris and Frankfort. With the advance of old 5-20s, the later issues are also bought up in the hope of using them for exchange. Railroad shares are lower and dull. Money market stringent and none but first-class names pass at near legal interest.

—The New York *Tribune* says: A popular mode of operating in stocks just now is as follows: A person wishing to bull Erie buys "a put," or right to deliver, say 50,000 shares, at 60, for 60 days, at one per cent. on $50,000, while the cash price is 62¼, thus limiting the loss to the difference between cost and the cost of the "put," and this commission extra. This is a good way to get a large amount of stock, if during the "put" the market should break. As the Treasury may any moment, by contraction, discover a weak spot in financial operations, and precipitate a stock panic, "puts" may be as costly to the seller as "calls" proved not long since. Large operators in Wall street may be able to swallow all the small fry with ease, but they should remember that the Treasury has a power, and is steadily using it, which will empty the longest purse attempting to oppose natural laws.

The same paper also remarks: The failure of Fraser, Trenholm & Co., announced to-day, excites, and with reason, unusual remark. It was without doubt the leading and trusted mercantile house of the South, and its failure must have a disastrous effect upon a large constituency, as well for the South as that possessed by the Ohio Life and Trust Company when it broke. During the rebellion, one of the partners, Mr. Trenholm, was Secretary of the Confederate Treasury, and the profits of the house were reported during the troubles at $6,000,000.

—The Atlantic cable dispatches of Tuesday morning reported the failure of Frazier, Trenholm & Co., and, though for the time doubted by some, was confirmed by the evening telegrams. This house will be remembered as the agents of the late Southern Confederacy during the time of rebellion. We have no particulars of the amount or the immediate causes of the failure, though speculations in cotton are probably to be enumerated as prominent among them. This failure, and that reported of Hinde & Porter, commission merchants, at Cincinnati, caused by speculations in cotton and bad Southern debts, had a tendency to depress business here generally, which was followed by a further advance in the gold premium.—*Phila. Ledger.*

—Seventeen railroads—all but three Western, earned during the month of April $6,039,678. This is an increase over the returns for the same month of last year of $374,188. Five of these roads suffered a slight decrease. The aggregate length of these seventeen roads is 6,... miles; their average earnings per mile during April were $848—an increase of $... over the return for April of last year. The aggregate length of the railroads in England, Scotland, and Ireland is 12,557 miles. The gross earnings during the week ending May 3, 1867, were $3,494,233, in gold. This was an increase over the returns for the same week of last year of $66,189. The receipts per mile for the week were $278, gold, which is a heavier rate than that on the seventeen American roads of which we have spoken.

PITTSBURGH MARKETS.

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 23, 1867.

The general markets have been rather dull during the past two or three days, the unsettled state of affairs both east and west, having a tendency to retard operations, though relatively, the whole thing hinges on the coming crops. If the harvest should turn out as it is now expected it will, there must of necessity be a material depreciation in the values of both Flour and Grain, and many other articles will be affected thereby, and, in that event, a general improvement in business in almost every department of trade, will be the result.

GROCERIES—Coffee is firm but unchanged; 25 to 28c for fair to choice Rio; Sugars—14½c for choice N. O.; 11¼ to 13½c for Cuba; 13 to 14c for Porto Rico; 16¼c for hard refined, and 14 to 15½ for soft do. Molasses—95c to $1 for New Orleans; 80c to 90c for Porto Rico, and 70 to 75c for Cuba. Syrups range all the way from 65c to $1,10—the last named figure only for fancy brands. Rice—Rangoon, 10¾ to 11¼, and Carolina, 12½c to 13c.

GRAIN—There is no movement in Wheat—no sales reported. There is a little excitement in Oats, and we are cognizant of sales having been made on eastern account at 71c, in elevator, and it is probable 72 or even 73c could be obtained. Corn is dull but unchanged—sale of 200 bush Shelled, on wharf, at $1. Rye—sale of 429 bush at $1,72, delivered. Spring Barley may be quoted at $1,15 to $1,18.

FLOUR—The market continues a little dull and weak, though prices are unchanged—$11,50 to $15 for Spring Wheat; $16 to $17 for Winter Wheat, and $19 to $20 for fancy brands. Rye Flour, $9,50 to $10.

PROVISIONS—Bacon is steady, with regular jobbing sales at 9¾c to 9¾ cts for Shoulders; 11¾c to 12¼c for Ribbed and Clear Sides; 15¼ to 16½c for Plain and Canvassed Sugar Cured Hams. Dried Beef 22½@23; Lard 13 to 13½c; and Mess Pork, $23,00 to $23,50.

BUTTER—Is dull with a supply largely in excess of the demand but unchanged. Prime to choice fresh Roll is selling at 15c to 18c.

EGGS—Continue in good demand, and with comparatively light arrivals, prices are firm, and fresh packed sell readily at 19 cts.

POTATOES—Scarce and in demand but unchanged. Prime Neshannocks and Peach Blows may be quoted at $3,25 to $3,50 per barrel.

HAY—Prime Baled Hay is in good demand, with regular sales in store, at $26 to $28. Common Hay is very dull and hard to sell at any price.

CHEESE—New Western Reserve selling at 14 to 16c, as to quality.

SEEDS—There is little or no inquiry for Timothy or Clover, and not much for Flax, although it is still quoted at $3.

OIL—Lard Oil is reported firm, with regular sales by manufacturers at 87 to 88c for No. 2, and $1,08 to 1,10 for No. 1.

PITTSBURGH PETROLEUM MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 23, 1867.

CRUDE—The market for Crude is a shade firmer, not that there is any improvement in the demand, for such is not the case, but in consequence of the fact that the arrivals are very light, and there is little or no spot oil to be had. We can report a sale of 1000 bbls on spot, at 7¼; 300 bbls "Smith's Ferry" at 7. At Oil City, as we learn by telegraph, oil was quoted to-day at $2,60, which is a slight decline compared with last week, when holders were asking $2,70, and even $2,75. The eastern and foreign advices continue unfavorable.

REFINED—The market for bonded oil continues dull and weak but unchanged. Sale of 500 bbls standard white, for August at 29; and 500 for September, at 30. We are cognizant of one of our refiners having bought a June contract in Philadelphia, on Wednesday, prime light straw to white, at 26, and spot oil may be quoted nominally at 25, for prime light straw to white, and 23 for standard white.

ARRIVALS—But two arrivals reported to-day—800 for Forsyth & Aro. and 2300 for Lockart & Frew.

OIL SHIPMENTS PER A. V. R. R.

CENTRAL LIVE-STOCK MARKET

OFFICE OF THE PITTSBURGH GAZETTE,
THURSDAY, May 23, 1867.

CATTLE.

The market for cattle was a little dull and weak this week, the offerings being somewhat larger than usual, and with unfavorable advices from the east, and but buyers in attendances, prices, if anything, ruled a shade lower, though in reality, there is but little change. The shipments to New York during the week reached 137 cars, and there were 7 cars shipped to Baltimore. Buyers, and indeed, operators generally, are very cautious, as they have cause to be, as a mis-calculation or a little bad management might prove very disasterous at the present inflated prices. Cattle are higher now than for about two years past, and it is hardly reasonable to suppose that the extreme prices which have prevailed for some weeks past, can long be maintained. Prime to extra retailing cattle may be quoted at 9c to 9¾c, gross, and stockers at 6 to 7c—one drove of extra stock cattle brought 8c in Allegheny this week, which, however, is an outside prices and cannot fairly be taken as a fair criterion of the market for that particular grade of cattle.

SHEEP.

The market for this class of stock has ruled rather dull this week, and with largely increased arrivals, and an apparent falling off in the demand, prices have declined from ¼ to ½ cent per pound. We now quote good fat mutton sheep at 6¼ to 6½, gross, against 7 to 7¼ last week—one single deck of extra brought 7c. Common and medium grades sold at from 4¾ to 5½, and inferior at 3¼ to 4. Lambs sold in Allegheny market this week at from $1 to $4 per head.

HOGS.

The market has undergone but little change since last week, with the exception, perhaps, that Philadelphia Hogs are ¼ to ⅜ lower. Sales of prime heavy averages were made during the week at 7,80 to 7,90, while to-day, 7,50 was considered an outside price. New York Hogs were in rather better demand to-day, and sold all the way from 6¾ to 6⅞. The arrivals were fair, but the demand kept fully up with the supply.

Greenwald & Kahn to Roddy Maynes & Co. 16 head of prime still fed steers, weighing 21,025, at 9¼, and $20 profit—the sellers made about $50 out of the operation, the cattle having gained about 500 pounds in weight from the time they bought until they sold. Smith & Talmage to Nicholas 18 head, weighing 19,000, at 8¼; same to Robb 8 head at 7¼.

Baltimore Market.

[By Telegraph to the Pittsburgh Gazette.]

BALTIMORE, May 23.—Coffee; prime Rio held at 18¾@18¾c in gold. Flour quiet and unchanged. Wheat; sales of common to fair red at $2,83@2,85. Corn firmer at $1,12@1,15; for white $1,18@1,20; yellow $1,19. Oats 72@73c. Sugar firm at 10½@12c. Provisions unchanged. Mess Pork $23,00@23,50. Lard 13¾@13⅞c. Bulk Shoulders and Sides 11c. Whisky in bond $2,35; no sales.

Financial Matters in New York.

Gold Closed at 138¾.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 23, 1867.

GOLD AND MONEY.

Money easy and unsteady at 6 per cent. On call there was more activity, however. The failure of a dry goods firm is reported. The rumored failure of banks and a New Orleans cotton house, Lafayere & Bro., are unfounded. Sterling quiet at 93½@93⅝. Gold opened at 138¾, declined to 138¾, and closed at 138¾ bid and 138⅞ asked.

GOVERNMENTS.

Governments steady. The following are the closing quotations; 1881's, registered, 111¾; do. RIVER NEWS.

The river continues to swell slowly at this point with eight feet ten inches in the channel by the Allegheny marks last evening, and four feet ten inches reported at Oil City, and rising. The weather continues wet and cold, and the indications at present are not very encouraging for a change soon.

The Robt. Moore, from Portsmouth, is the only arrival, while aside from the regular packets, there were no departures. The Belle, from Cincinnati, is due to-day, and will return to-morrow, as usual.

Business continues dull at the landing, the offerings of freight for all points being light, though the inclement condition of weather has a tendency to retard shipments.

The Echo left for Oil City last evening, and the Urilda and Ida Rees are the next boats due.

The Glendale, Capt. Hare, is filling up steadily for St. Louis, and will be the first boat out. She will doubtless be ready to leave on Saturday, and passengers and shippers should bear this in mind.

The Albert Pearce, which was destroyed by fire in the Mississippi river on Tuesday, near Lake Providence, was insured for $5000 in the Eureka Insurance Company, of this city; $5000 each in the Globe Mutual and Atlantic of St. Louis, and $5000 in the Enterprise of Cincinnati. The Pearce was built here in 1865, and cost $50,000.

The Armenia left St. Louis on Tuesday loaded down with iron ore.

The Belle left Cincinnati for Pittsburgh on Tuesday, and the Ida Rees was advertised to follow on Wednesday. The Leclaire and Sherman arrived at Cincinnati from St. Louis on Tuesday, and the former boat is offered for sale.

The Kate Robinson, enroute from Pittsburgh to St. Louis, was at Evansville on Tuesday, as was also the Belleveron, en route from St. Louis to Pittsburgh. The Simpson Horner (towboat) passed Cairo on Tuesday with a tow of empty barges bound for Pittsburgh.

A Memphis dispatch to the Cincinnati *Commercial* gives the details in regard to the sinking of the Albert Pierce: The packet Albert Pierce, of the St. Louis and Vicksburg trade, in command of Captain Wm. Ashford, of this city, was entirely consumed by fire yesterday morning, about four miles below Lake Providence. The flames were timely discovered, the boat run to shore, and the officers and passengers escaped with their personal effects, and also the money and books in the safe. The cargo, consisting of 600 tuns and miscellaneous freight, was principally consigned to the Vicksburg Railroad. The boat was a total loss. The Pierce was built in 1865, owned by Bart and Dan Able, of this place; Peter Fieldman and Wm. Matthias, of St. Louis; valued at $30,000. Insured for $15,000 in St. Louis offices.

The Cincinnati *Gazette*, of Wednesday, says: A passenger on the Leonidas, booked for New Orleans, was yesterday relieved of $250, by the confidence dodge. It is the same old story, two sharpers and a victim. The confiding passenger advanced the above sum to No. 1, who had nothing but a check on the Ohio National Bank for $2,500, to pay No. 2 for a bill of goods, purchased here, which he, No. 1, was taking to New Orleans.

The accumulation of freight at Evansville for New Orleans continues, and all the wharf boats are again full, and large quantities piled on the wharf. The Evansville *Journal* says there are too many boats running from that port to Memphis.

The St. Mary's, built this spring near Wheeling, for the mountain trade, but finding prospects blue at St. Louis, returned to Evansville and picked up a New Orleans trip, has just made the round trip between the latter two ports in 11½ days.

The sheriff's sale of the Mollie Hambleton, which we announced a few days ago as having taken place at Memphis, has been set aside by a higher Court, and the money paid at the time ordered to be returned.

The steamer Ruth was tied up at Memphis on Tuesday. Brown & Jones, well known coal dealers, went on her bond, and she was released. The suit was one of a series brought by some parties for damages on account of being carried by his landing.

A St. Paul paper of Friday says: "The Flora, from Mankato, arrived last night at eight o'clock, with two barges of wheat. This was the boat sent up to the assistance of the Julia. The officers on board the Flora reported that all the freight has been taken off except that which was washed overboard. Nothing has yet been accomplished in raising her. The steamer Hudson has gone up, however, with barges, for the purpose of bringing her to the surface. Her position is the same as when she sunk."

The Cincinnati *Commercial*, of Wednesday, says: "The impression prevails here, among the knowing ones, that Hamill has been 'throwing off' on the boys.

A St. Louis telegram, under date of Wednesday, says: The Stonewall has withdrawn from the Louisville and New Orleans trade and engages in the Missouri river trade. The Illinois packet City of Pekin takes a load of Government freight to the Upper Missouri. We had the wildest and wetest weather of the season last evening. There will be a small rise again in the rivers. On Sunday the Minnesota was badly damaged by a collision with the Clinton bridge. She unloaded and went in dock. The Leclaire and the James Means also suffering from bridge collisions have come here for repairs.

The Louisville *Courier* says: The once famous St. Louis and Memphis packet City of Alton was built at Madison, Ind., at the marine ways, having the engines of the famous Wheeling clipper, Baltimore or Tom Swann, the cylinders being each 30 inches in diameter and 9 feet stroke. She was built expressly for speed, having precisely the same model as the Richmond, on a smaller scale. She was a very fast boat, and we learn from the builders and others that she has made actually the fastest time on record between Memphis and Cairo. The other day we stated that the time of the Eclipse and Shotwell was the shortest, being fully under that impression. The City of Alton made the run from Memphis to Cairo in 17 hours 30 minutes, the shortest ever made.

We learn that the rather curious arrangement is being inaugurated by the Memphis packet company, of making two distinct fields of labor for their pilots. The dividing line will be in the neighborhood of St. Genevieve or Cape Girardeau. The packet bound down, upon meeting the one bound up, will, in every instance, exchange pilots, thus confining one half the number of pilots to the upper part of the route, and the other portion to the lower part. By this arrangement it is clear that a closer acquaintance with the channel will be gained, and consequently a greater immunity from delays by grounding, and from collisions with snags and other obstructions.
